HAVE BLUNDERED Firing on British Steamer Woodburn Seems to Have Been Almost Wanton.

RUSSIANS AGAIN

According to Finnish Pilot-To Avoid A Collision, Backed Out, Pointing Toward Standart.

VESSEL IN PROPER CHANNEL.

St. Petersburg, June 18.-The British mbassy has received a report from the British vice consul at Viborg concerning the firing upon the British stemer Woodburn Wednesday night by a vessel of the Russian squadron which was patrolling the vicinity of Pitkipan bay, where Emperor Nicholas and Emperor William were to meet the following day.

While the report has not been made public, the affair was evidently due to some blunder for which both sides are

willing to express regrets.

While private dispatches from Vk, borg assert that the Woodburn was steering in accordance with directions given her by a convoying torpedoboat, naval officers of the squadron declare the steamer was heading directly for the Steamer and that they could not the Standart and that they could not aord to run the risk of having the imperial yacht run down.

Viborg, June 18.—According to the Finnish pilot, who was aboard the Woodburn, the vessel was proceeding slowly in the proper channel and was half way down the line of warships, when suddenly a torpedo boat appeared almost under her bows.

To avoid a collision the Woodburn backed off and in so doing swung around until her bow pointed toward the imperial yacht Standart, which lay a half-mile distant. A shout of warning came from the torpedo boat, and almost immediately blank shots were fired. The torpedo boat destroyer lying close by opened fire with shells, firing seven shots.

Of Order, is Ill at Her Home.

New York, June 19.—Mrs. Mary Low Dickinson, the venerable authoress and founder of the International Order of King's Daughters, is quite ill at her home here, it was announced today, following a lawsuit in which judgment for \$10,000 was given against her recently in favor of a Boston publishing house. The friends of Mrs. Dickinson learning of her filness because of worry over the lawsuit took up the matter and as a result a re-hearing of the case has been granted by the courts, and is scheduled to start on Monday, but it is not likely that Mrs. Dickinson will be able to leave her home then.

The suit was the outcome of a misunderstanding, the fanous writer and teacher having signed a contract to purchase a de luxe edition of foreign authors and at the time she had thought that the price would be nowhere near that eventually demanded.
